NEWSLETTER
JULY - AUGUST 2015

We're halfway through 2015. It seems that time has passed quickly and indeed it has. Thanks be to God, at ASCRIGERE LOVE IN THE STREET MINISTRY, we're advancing towards the goals that we set; overcoming the difficulties and obstacles and reaping the opportunities and blessings that Lord newsJesus Christ gives us.

JULY: MONTH OF CAMPS

61 young boys and girls and 40 adolescents from LOVE IN THE STREET MINISTRY were able to be abundantly blessed with mid-semester camps. Happiness and more happiness, among games, rallies, horse-back rides, food, campfires, activities that fortify the spirit, swimming pools, rivers, trail walks and strong companionship were the predominant theme.

What a marvelous experience! The shortages, scarcity and problems that have surrounded the lives of these children and adolescents that we assist, was set aside to enjoy this beautiful gift from God. This activity reinforced the decision to undertake a new life project; to strengthen their resilient ability to bring groups together and to secure a social space to fight for life. May God greatly bless everyone that supported us and made this activity possible.

PREVENTION AND HUMAN DEVELOPMENT

In the discipleship programs for entire families from urban-marginalized communities and rural, poor communities. Prevention and Human Development are keys to breaking terrible predictions/cycles and helping the abundant life that Our Lord Jesus Christ came to grant us. That's why we're advancing this bimester in the following:

- Workshops for parents over the following themes: "Limits with Love", "Child-rearing orientation", "Couples Relationships"
- Workshops for adolescents over undertaking Business Ventures
- Workshops for children over "The Importance of Reading", "Assertive Communication" and "Principle and Values"
- Workshops for leaders from the Infantile Ministry network over "Tools for teaching values to children".

TECHNICAL EDUCATION AND TRAINING

This bimester we were able to evaluate the results of the formal education process of the teenagers that study with the open classroom system in the **REFUGE PROGRAM; RESTAURATION HOMES** and the results fill us with happiness and motivation. All of the teens- without exception- raised their formal education level and some are now preparing for the “bachillerato”, the high school equivalency diploma. Others have advanced to finish their third cycle.

What a huge success! Everyone here is good at studying and has high goals.

GETTING READY FOR CHRISTMAS 2015

The Christmas Program will begin in July: Mail is coming in and going out, calls are being made, lists with the boy's and girl's information are being polished, the required material is being sent to print, people are being contacted and much, much more.

We would like to invite you to visit our Website where we have uploaded a beautiful, short, motivational and informational video about this program at

<https://youtu.be/kl76gVdpUOI> (In spanish)

Our goal: 2500 boys, girls and youth that need everyone's support. Kids from all over the country, with wishes, hopes and dreams. Together we can reach great goals. Join those that make dreams come true.
