MAY – JUNE 2015

## FOOD SECURITY

LOVE IN THE STREETS MINISTRY permanently supports more than 300 people with food.

Among them, the population in the Refuge/ Restauration Homes where 100% of the food is provided, 5 daily meals. The population from the discipleship program is given a weekly meal during the activities and they're supported with food packets to take home. The population that is aided in Zurquí Center is provided weekly with a snack/coffee break. Additionally, the outreach activities are covered and humanitarian aid is provided to other families.

With the provisions that The Lord grants us, we've reached and provided food support to 600 people per month, taking into account the 300 people from the permanent population and the protection and humanitarian help programs.

Businesses and Corporate Social Responsibilities Programs, as well as churches and their Compassion and Mercy Programs and the organizations that push development and socio-economic development, can be keys in guaranteeing the human right to food security.

We invite you to join this cause and together with **LOVE IN THE STREETS MINISTRY** succeed in God's command to take mercy on those in need.

### A HUG WITH TEARS OF JOY

An adolescent from the **Refuge/Homes of Restauration Program** finds herself, after 9 years, with her maternal aunt, her only relative in Costa Rica. Thanks to the great kindness that God has given us at **LOVE IN THE STREETS MINISTRY** we've been able to achieve processing the multitude of paperwork with distinct authorities to locate her relative.

## CHILDREN'S MINISTRIES

Permanent training for the MINISTRY OF LOVE IN THE STREET team and for all the Pastors and leaders from the Ministries Children's Program network, is one of our greatest objectives. To reach this objective we coordinated with the National Board of Childhood (PANI) which took place Thursday, June 25<sup>th</sup> 2015.

The Executive President of the PANI, Doctor Ana Teresa León presented over the current state of childhood and adolescence in Costa Rica and the new paradigm in which this topic is finding itself.

More than 80 people, professionals, pastors and leaders participated in this event which took place at the Cultural Center for Children's rights; boys, girls and adolescents of the PANI.

## 15TH BIRTHDAY PARTY

A quality birthday party to celebrate a very special girl turning 15; Sarita, daughter of one of the program graduates.

Sarita is the first girl that was born in the Refuge/Home, filling all of the members of the Ministry with happiness.

May 16<sup>th</sup> she celebrated her 15<sup>th</sup> birthday and we got together the Ministerial team and graduates to share the special occasion with this young woman, her parents and her siblings.

## A NEW LIFE PROJECT

Education and vocational training are key components in the promotion of a new life project

The results of the first call of the Ministry of Education with the participation of adolescents in the program Shelter - households of restoration in April-May 2015, we were filled with joy.

In other news, the teens from the Refuge finished their Basic Course in Robotics that was given from January to June 2015 by the University of Costa Rica. In the photos we can see them presenting their projects.

*The advanced students Ingrid Chávex and Rebeca Brenes giving the course.*

*Master Maynor Jiménez, coordinator of the Program for Continuing Education Atlantic Branch presents to all the parents and guests support from the UCR in social outreach.*

## WAITING ON THE LAUNDRY ROOM

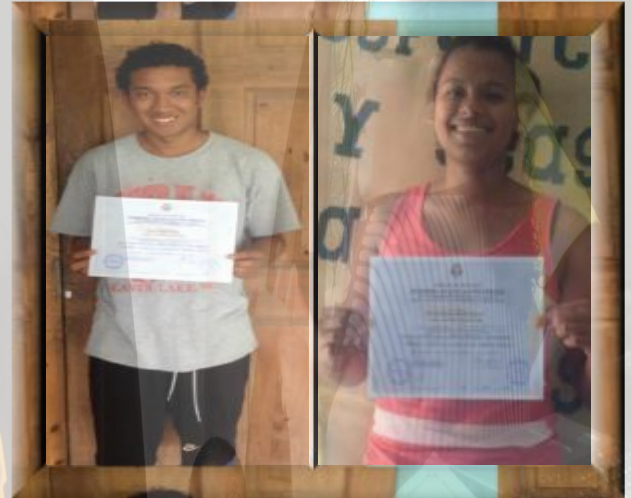

We have advanced with phase one construction on the laundry room at the adolescents' refuge. This is a key project to elevate the quality of life of these young people.

If you would like to support the other 3 phases please contact us.

*Two adolescents from the Refuge Program Restauration Homes received their sixth grade Diploma, which was earned during the National*

*Final exam rotation in 2014. They've already Tested for the seventh grade exams in the first exam rotation in 2015.*

## FORUM: HARMONY BETWEEN THE BIBLE AND SCIENCE

Through coordination with Biblical Societies, June 20th 2015, the teens from various juvenile programs participated in this interesting forum, which contributed to reflection over the current theme that, without doubt, fortifies faith in the Christian church.

## CONSTRUCTION AND MAINTENANCE IN THE REFUGES, RESTAURATION HOMES

Another push to finish a stretch of garden wall at the Adolescent young men's Refuge thanks to the materials donated by a Church in Alabama.

### Evangelism home to home

The Spirit of the Lord led us to raise a challenging project to evangelize door to door starting by the communities where we have Ministerial impact directly.

Thus in the community of Coronado and Pococí, we undertook this noble mission and we are advancing with excellent results thanks to the support of our Lord Jesus Christ.

LOVE ON THE STREETS MINISTRY has extensive experience in street and jail evangelism. House to house evangelism we have done a lesser extent, but we are at a historic moment of urgency to bring the Gospel to everyone.
